CISELE & BICOLOR BLACK

MADISON

The most effective icons are those that adapt to changing times, Caran d'Ache has carefully revisited one of its most famous collections, introduced in the 1970s. The elegant **MADISON** retains its slender rounded body but has been given a jointed clip. A mechanism specifically developed for this new generation allows the ink cartridge or pencil lead to be removed with a simple press of a button. This timeless collection is now available in several versions - silvered with rhodium coating, gold-plated, or bicolor black. It is a true classic, rooted in its time.

Four writing instruments: Fountain pen, Roller pen, Ballpoint pen, and Mechanical pencil.

- ◆ The body and cap are made of thin gauge brass, available in different finishes
- ◆ Articulated clip, using a spring mechanism
- ◆ Gold plated or silver plated, rhodium coated finishes
- ◆ Fountain pen nib available in 18 carat gold, in three distinct widths: F, M, B
- ◆ International lifetime guarantee
