COAT OF MAIL

In its innovative use of coat of mail, Caran d'Ache has made the most of this legendary material that once protected medieval knights. Its woven links of stainless steel create a very pleasant texture in the writer's hand. Coat of mail even comes in a gold-plated version.

BLACK COAT OF MAIL

The body of the Varius Ivanhoe Black is covered in a micro-woven coat of mail in deep black stainless steel (a Milanese sheath). Using a highly advanced technology, Caran d'Ache craftsmen have treated the steel to receive a black PVD coating that is both strong and beautiful. This process colours the fundamental structure of the steel giving it an extraordinary fineness that will remain eternally unchanged.
