LEMANS LEM, LIGHTNESS AND DELICACY

In its wake, Léman Slim captures that rare moment when everything remains to be explored, everything remains to be written.

The Maison Caran d'Ache enhances its Haute Ecriture Léman collection of writing instruments with the slender, refined shape of the Léman Slim line. Distinguished by wonderfully light writing comfort and colours inspired by Lake Geneva, the models of the Léman Allure collection are infused with timeless elegance. The Léman collection by the Maison Caran d'Ache pays tribute to the deep, vibrant colours of the lake with its thousand reflections. Lacquers with harmonious, silky hues celebrate this lake world with delicacy and elegance. With the Léman collection, Caran d'Ache highlights its expertise in the realm of colour and exalts the expertise of its master-craftsmen.

Through the Léman Slim, the Maison Caran d'Ache pays tribute to the colours of Lake Geneva, as well as the elements that enhance their harmony. Like the wind that blows through the sails of a boat and alters their appearance, the refined body of the Haute Ecriture Léman Slim writing instruments ensures wonderfully light, delicate writing comfort. The four writing instruments in the Léman Slim – fountain pen, ballpoint, roller ball and pencil – are enhanced by the softness of the lacquer and shine of the metal. Ebony Noir Black Ebony and Scarlet Red, hues offer a contrast with silvered, rhodium-plated details, while the White models provide a perfect marriage with rose gold plated metal. Lacquered buttons are delicately positioned on the caps.

The heir to the 849 style

There is a new addition to the famous assortment of sleek 849 ballpoint pens – the 849 Fountain Pen boasting a bright style. With its more rounded lines, the 849 Fountain Pen reveals a unique personality and comfort. The eye-catching, energising colours draw attention to the light yet robust aluminium body of the 849 Fountain Pen. Four matt navy blue and black enhances the contemporary design and industrial aesthetics of these writing instruments. The varnished white brings an element of balance to this refreshing whirlwind of fun. While maintaining a 100% Swiss Made quality, the 849 Fountain Pen underlines the bold, creative spirit of Caran d'Ache.

In addition to its iconic hexagonal look, the 849 Fountain Pen highlights the talent of the master craftsmen at Caran d'Ache. Their luxury writing know-how is brought to bear on the Office Line from the Geneva-based company to create high-performance writing instruments. Thus the contemporary look of the stainless steel nib of the 849 Fountain Pen ensures smooth and precise writing. Available in 3 sizes, the nib carries the new Caran d'Ache identification, as does the button on the cap. To ensure even more comfortable use, the 849 Fountain Pen can be recapped when writing. The 849 Fountain Pen offers a resolutely modern touch to this traditional writing instrument that the owner will want to take everywhere!
