LA MAISON CARAN D'ACHE

FROM AN ARTIST'S SIGNATURE TO THE ART OF BEAUTIFUL WRITING

In that area of emotions where writing and images fuse together, the grace of a curving line, the energy in the stroke of a pen and the depth of a rich colour are among the elements that led Caran d'Ache to develop its passion for fine writing. Since 1915, steeped in the great traditions of Swiss Manufacturing, the company has created writing instruments, and a palette of colours, that are universally recognised symbols of excellence.

These reliable, precise and precious objects have acquired an international reputation for combining creativity and distinction with the use of noble materials.

To continue this policy, our Geneva workshops carefully preserve their independent spirit and their commitment to authenticity and ethical production.

MANUFACTURED IN GENEVA WORKSHOPS

Caran d'Ache draws on a priceless heritage of technical expertise to preserve the art of handwriting. The company's writing instruments, globally recognised for their excellence, are entirely produced in Geneva. In the secret of their workshops, Caran d'Ache craftsmen boldly combine expertise and aesthetics in the great Swiss Made tradition. To create these emotive objects, which are also feats of technology, they offer original materials and perfect forms, giving writing an innate sense of refinement.

CARAN D'ACHE, IN LOVE WITH COLOUR

The play of light on the material... its soft, velvety texture... the precious pigments brought from mysterious places... There has been a genuine love of colours, and the traditions of manufacturing them, in our Geneva workshops ever since our first pencil was produced nearby in 1915.

The fine, smooth leads, the subtly transparent watercolours and the brilliant, deep, light-resistant paints have been developed for creative professionals as well as amateur artists. They all reflect Caran d'Ache's exceptional Swiss Made quality and love of its craft.

As a Maison de Haute Ecriture, we respect nature as well as people. The premium-quality cedar used in our pencils is certified FSC, and our production of leads, pastels and paints carefully follows the principles of sustainable development.

THE ART OF BEAUTIFUL WRITING

Just as the art of writing brings together characters, gestures and traditions, Caran d'Ache writing instruments represent refinement, creativity and expertise, all expressed with Swiss Made excellence.

For a century, Caran d'Ache collections have reflected the passion and the subtlety of fine writing. They are jewels of technology with inspired designs; emblems of excellence enhanced by rare and noble materials.

Lacquered, guilloched or polished bodies feel superb in the hand; rhodium-coated nibs or long-life tungsten ballpoints provide a great writing touch; contemporary or classic designs create a seductive visual appeal. Caran d'Ache writing instruments are treasures for all those who appreciate genuine distinction.

EXPERTISE

THE ARTISTIC CRAFTS

ENGRAVING

The fine engraving that characterises Caran d'Ache writing instruments is the product of patient, meticulous work. The company's innovative techniques of milling and engraving with lasers or diamonds make it possible to produce a large variety of outlines and reliefs that bring a design to life by creating a delicate play of light and shadow. Whether it is guillochage or personalised engraving, each piece receives the same attention to detail, making the finished instrument a treasure of refinement.

POLISHING

A soft touch, comfortable writing and perfect design... sometimes sparkling, sometimes matt, each part of these Caran d'Ache products is carefully worked. All the writing instruments finished in precious materials are polished, which is also a very important operation when applying lacquer or Chinese lacquer.

THE UNIQUE EXPERTISE OF THE LACQUER MASTER

A finish that requires exceptional precision, lacquer gloriously enhances a writing instrument with an incomparable brilliance and its large palette of tints that Caran d'Ache is constantly extending. Because preparing and applying lacquer requires such extraordinary skill, the work of the lacquer master is uniquely valuable. It demonstrates the company's commitment to authenticity and excellence in every product it creates.

JEWELLERY

Setting diamonds, rubies, sapphires, emeralds, and engraving initials, a name, or even a short message... Caran d'Ache offers all lovers of rare objects the possibility of personalising their writing instrument. If they wish, they can choose the precious stones which will then be set by a Geneva jeweller. Each personalised writing instrument is numbered, engraved and accompanied by a certificate. Gemstones used by Caran d'Ache are from controlled, ethical sources, are not involved in the financing of armed conflicts and conform to United Nations resolutions.

NOBLE MATERIALS

PRECIOUS METALS: SILVER, RHODIUM, PLATINUM, PALLADIUM

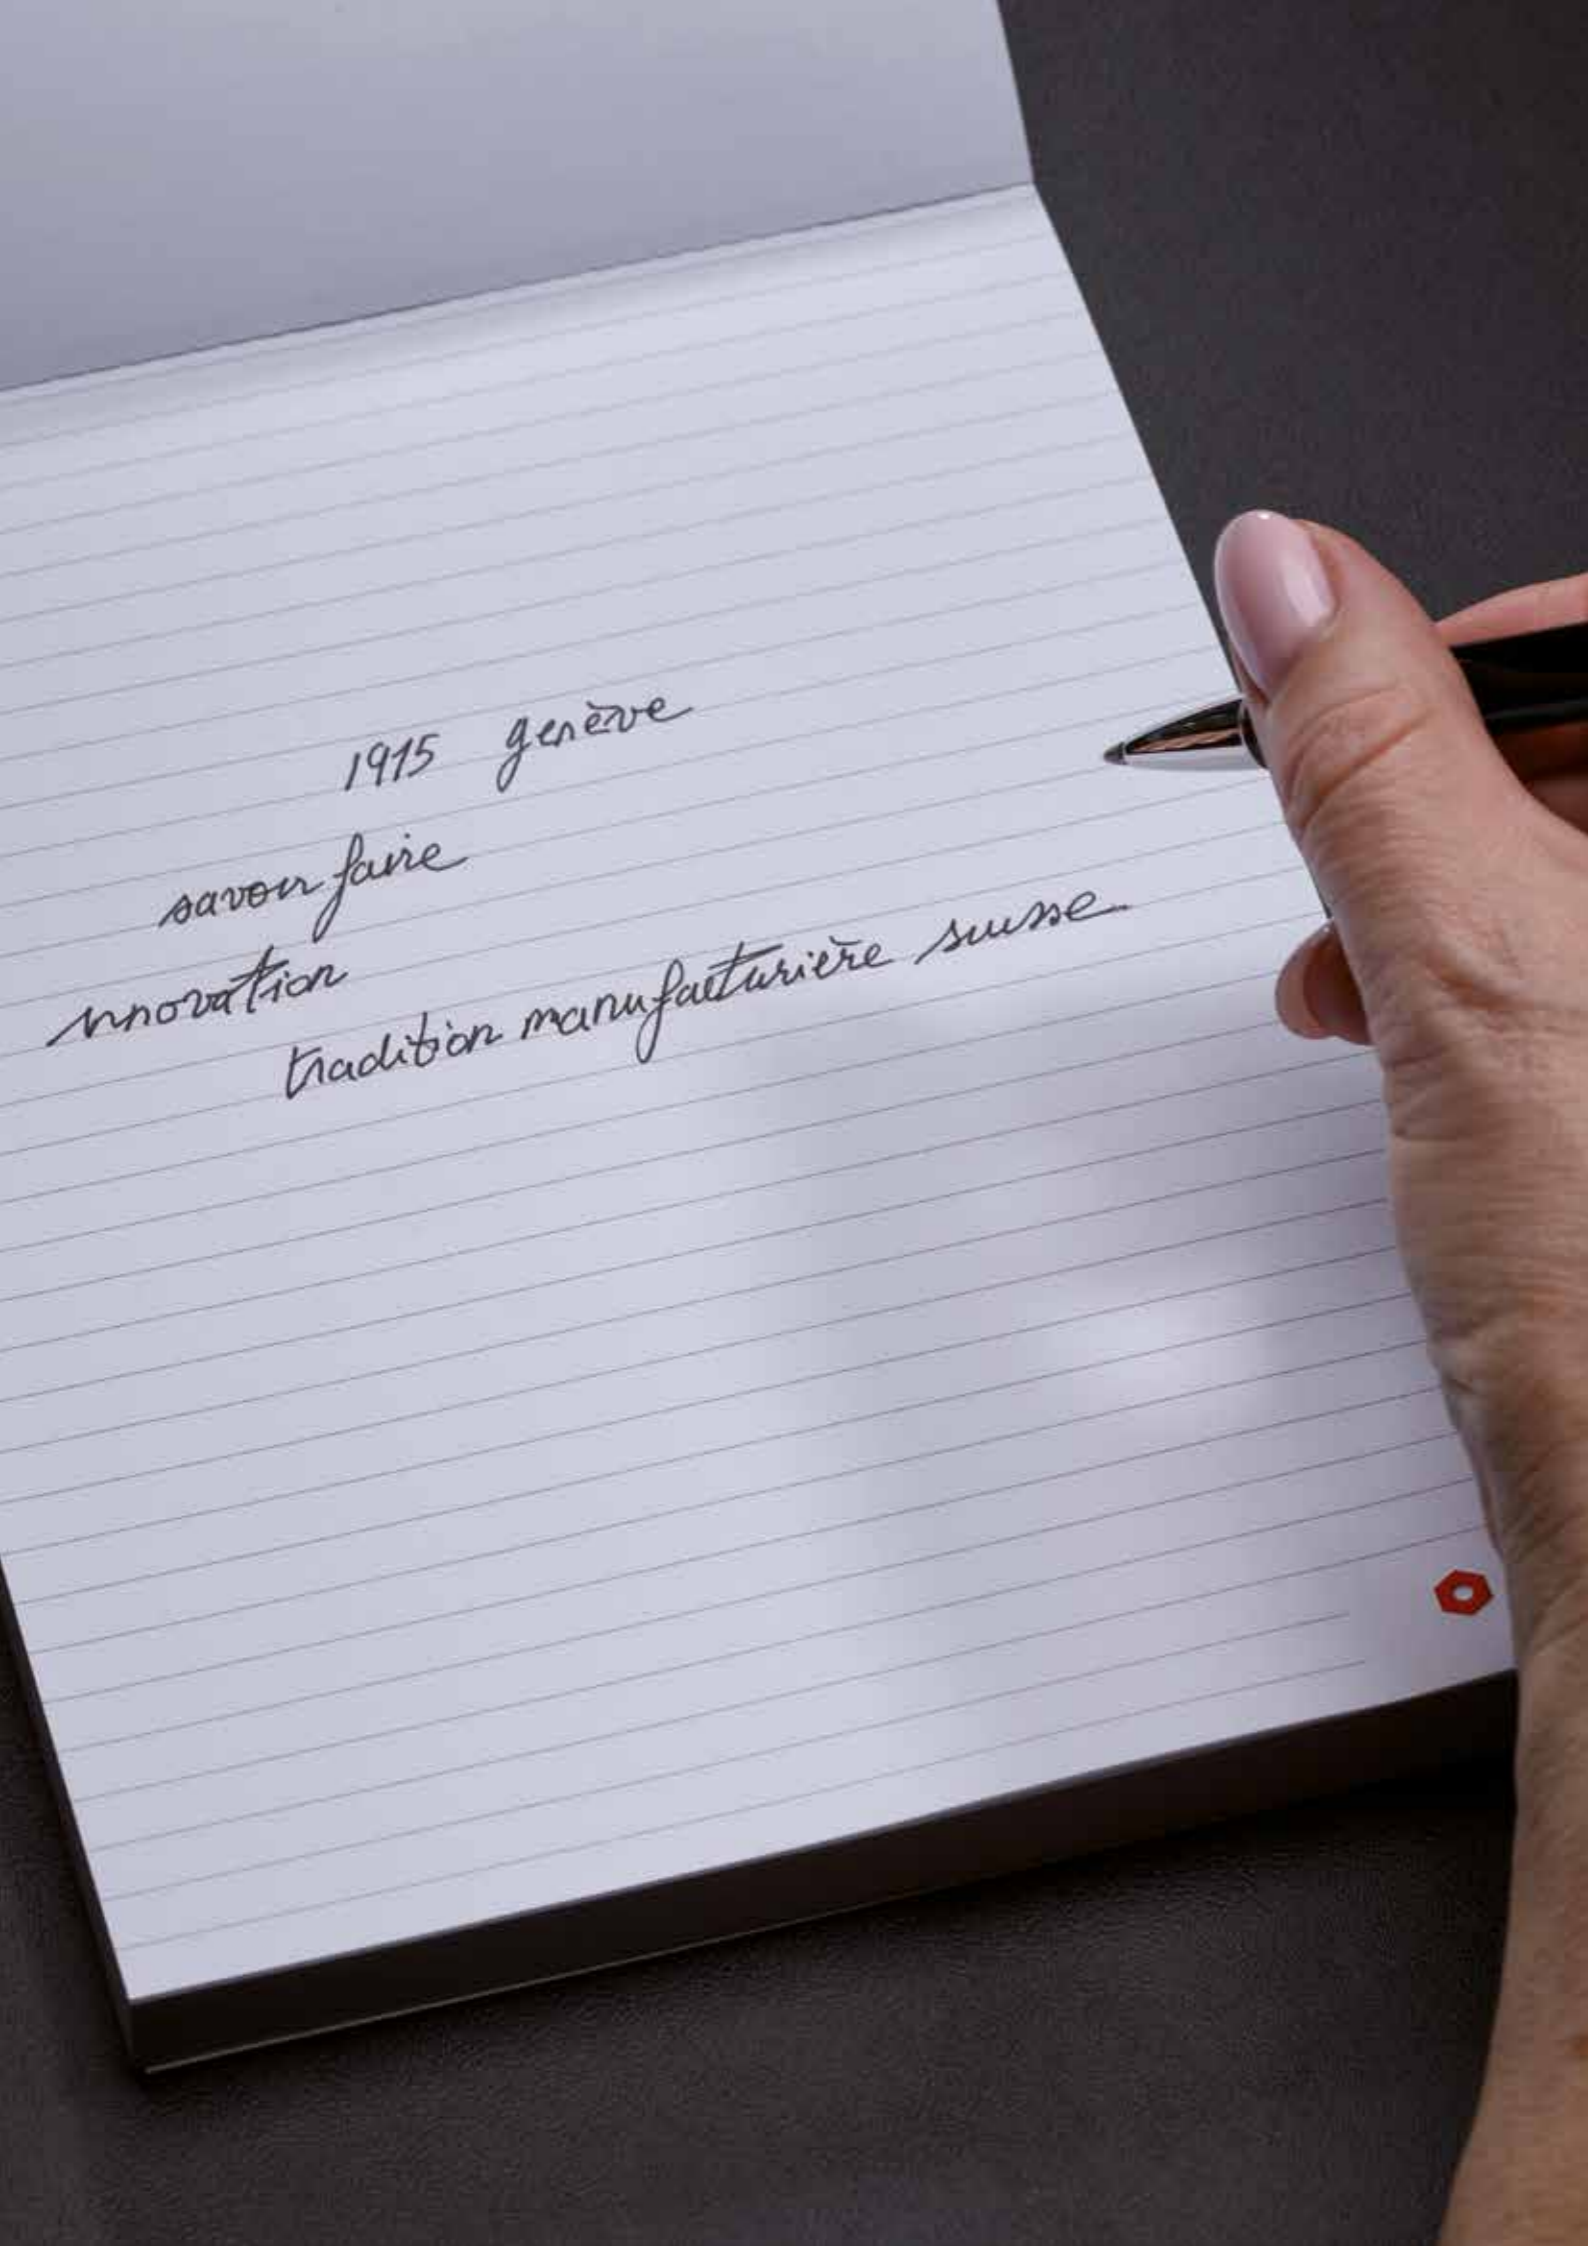

Caran d'Ache creations in silver or solid gold are systematically controlled by the Federal Office of Metals and are certified with its seal. Gold is the metal used in the most beautiful work produced by Caran d'Ache craftsmen. Like real goldsmiths, they sculpt it, decorate it, engrave it and polish it.

But Caran d'Ache also explores other horizons with rhodium, the metal in the platinum family whose hardness and rarity make it twice as expensive as gold. Extremely strong, it enables writing instruments to keep their brilliance over the years, protecting them from corrosion and rust, as well as abrasion and tarnishing. Rare, pure and inert, rhodium is the most exclusive of the precious metals used by the company.

CHINESE LACQUER

A natural, living product derived from the sap of the Rhus Verniciflua tree, Chinese lacquer regularly inspires the most beautiful Caran d'Ache creations. Using traditional expertise inherited from the great oriental masters, the company is one of the very few in the world to have the secret... and the patience. The multiple coats of lacquer are applied over a period of twelve days. Chinese lacquer, which may be natural colour or tinted with pigments of blue, black or red, embellishes lighters and writing instruments in the Varius collections as well as the Limited editions.

ASTROGRAPH

The Maison Caran d'Ache and the horological laboratory MB&F, have combined their expertise for a unique creative odyssey: the Astrograph writing instrument.

Bound by a shared creative passion for mechanical excellence, the Maison Caran d'Ache and the youthful watch Maison MB&F have combined their expertise in developing the exceptional Astrograph writing instrument. This new creation pays tribute to the exploratory genius and childhood dreams that spark technical feats.

Conquering new territory

Propelling one's own dreams into space by means of a rocket-pen: such was the original idea dreamt up by Maximilian Büsser – a new adventure that has been enthusiastically welcomed by the creative and technical teams at Maison Caran d'Ache. With the Astrograph, Caran d'Ache and MB&F have developed an instrument featuring complex architecture while ensuring perfect writing comfort. Like a modern-day odyssey, the creation of this exceptional model symbolises the conquest of space through making dreams come true.

Creating the Astrograph was an authentic technical challenge to which the Maison Caran d'Ache teams rose with aplomb. Fine-tuning the concept called for four years of gestation and fruitful exchanges, while an entire year was devoted to developing the final model. More than 500 manual operations were involved in its production in the workshops of the Geneva-based Manufacture. Astrograph features a slim body evoking the outlines of a space vessel. The perfectly integrated design of this creation comprises 99 innovative elements. Astrograph comes in three finishes: high-gloss rhodium, sandblasted matt rhodium or anthracite ruthenium, issued in a numbered 99-piece edition per finish. The generic numbering is engraved on one of the three stabiliser feet: « Limited editions 1 in 99 pieces ».

ASTROGRAPH
HIGH GLOSS RHODIUM FINISH

FOUNTAIN PEN / M nib - 1654.481 (other nib widths available on request)

18 carats gold nib, rhodium-coated
Limited editions in 99 fountain pen
Refills: Ink and cartridges Chromatics Collection (p. 140 - 143)

CAELOGRAPH

Caran d'Ache unveils a unique fine writing instrument, the Caelograph, that combines technical expertise with design in exploring one of man's most fascinating passions: the sky. In its long tradition of innovation, Caran d'Ache has developed another exceptional writing instrument that demonstrates great creativity and expertise. Like inventors always searching for new solutions, the craftsmen at Caran d'Ache have worked closely with an astronomer to produce this unique instrument that explores the sky and the stars.

A personalised journey deep into the cosmos

Is it a writing instrument? A sky-watching tool? A work of art? The Caelograph is all of these. With a name that literally means "Write the sky" its ingenious mechanism allows you to see the position of the stars and the constellations at any given time, on any date. It brings alive the close, mystical relationship that has existed between man and the stars, Earth and sky, since the dawn of time.

As an instrument for writing and for observation, the Caelograph symbolises the union of arts and science, of man and the stars. Produced in three limited series, it is a compelling tribute to astronomy. The Caelograph features a chart of the sky that is delicately engraved on night blue Chinese lacquer impregnated with silver particles. The grooves on the cap and the writing block are the hour lines typically found on sun dials. The pen's tip is embellished with a compass rose while the clip takes the form of a compass needle, evoking the ageless link between navigation and astronomy.

THE MECHANICS OF THE SKY IN YOUR HAND

With great technical expertise, this exclusive invention presents a map of the sky in a design enhanced by midnight blue Chinese lacquer. Apart from the natural requirement for accuracy, reproducing a flat map on the curved surface of a pen is a serious technical challenge. For the first time, the projection process known as Mercator has been applied to a writing instrument. In a second technical feat, Caran d'Ache has managed to represent, on a surface as small as the pen body, the 51 constellations and 353 stars visible from the northern hemisphere. And that is not all it does. The sky chart is mobile in order to indicate the position of the stars at any chosen time. This astonishing capability is made possible by an exclusive, highly ingenious mechanism based on two rings. One of the rings is mobile and is dedicated to the time, while the fixed ring is marked in days and months. By adjusting their position, the map can be set to the precise time and date required. A rotating semi-transparent sleeve reveals the visible part of the sky, indicates the horizon line, the compass points and the zenith.

CAEOGRAPH ZENITH
SOLID ROSE GOLD

FOUTAIN PEN / Unique piece per latitude: 20: 1633.681 / 45: 1633.481 / 30: 1633.581

ROLLER PEN / Latitude 20: 1641.681 / 45: 1641.481 / 30: 1641.581

Refills: Roller cartridge, fine or medium, blue or black (p. 144)

The Caelograph case welcomes the new invention.
 Made of wood, gloss grey lacquered and screen printed. 3 removable wedges allowing each of these elements constituting the gift set to be positioned.

DELIVERED WITH THE CAEOLOGRAPH LIMITED EDITIONS:

- owner's guide book and guarantee
- two small ink cartridges or roller pen cartridge (F black)
- a Caelograph leather pouch and a Caelograph brochure

Dimensions: 263 x 193 x 100 mm.

THE INKWELL
 CAEOLOGRAPH

The Caelograph is accompanied by a personalised ink bottle, with a stopper produced in the same finish as the instrument. Depending on the model: palladium, golden 2n or golden 5n finish. It matches the finishing available on the writing instrument. The ink is "Blue Night" colour.

THE COMPASS ROSE
 CAEOLOGRAPH

For at least 2000 years, the compass has been used to indicate the magnetic north. By orienting the pen accurately, it makes the Caelograph easy to use. This indispensable instrument of navigation accompanies the Caelograph in reading the sky.
 Depending on the model: palladium, golden 2n or golden 5n finish.
 It matches the finishing available on the writing instrument.

SPECIAL
LIMITED EDITIONS

JUSTICE LEAGUE

Caran d'Ache presents its new JUSTICE LEAGUE TRINITY special edition in collaboration with Warner Bros. Caran d'Ache has joined forces with the superheroes of the Justice League to create a range of legendary writing instruments. To celebrate these iconic superheroes, the craftsmen of the Geneva-based company have pooled their know-how to face a number of extraordinary technical challenges. Style, audacity, power and timelessness... the Justice League special edition from Caran d'Ache reveals the super powers hidden deep inside each and every one of us.

A special edition made to measure

With its Justice League Trinity special edition, Caran d'Ache brings together three legendary superheroes of the Justice League, designing made-to-measure writing instruments in their honour. With their legendary super powers and iconic costumes, Superman, Batman and Wonder Woman express their unique characters in a range of pens created by the Geneva-based company.

Each detail of the Batman special edition is inspired by his costume. Thanks to the combination of different translucent and gloss lacquer finishes and the combination of different engravings, each part of the superhero's costume is highlighted. The attributes and fountain pen nib boast a black ceramic coating, PVD application. (PVD: physical vapour deposition) Cutting-edge technique for depositing the ceramic which optimises the adherence of the material. The ceramic is non-corrodible and extremely resistant to friction. The chevron pattern decorates the body and cap. The whole is finely cutter-engraved then coated with translucent gloss black lacquer. The ends of the cap and body are smooth and coated in gloss black lacquer. The cap button carries the new Caran d'Ache identification (grey-black lacquered hexagon). The 18-carat gold fountain pen nib is treated by PVD to ensure remarkable fluidity and writing comfort thanks to the properties of gold and the PVD. The pen ring is laser-engraved with Swiss Made & Caran d'Ache along with the DCTM trademark – and the note S17 to guarantee the authenticity and exclusivity of the edition.

JUSTICE LEAGUE TRINITY - BATMAN
BLACK PVD FINISH

FOUNTAIN PEN / M nib: 1939.481 (other nib widths available on request)

18-carat-gold nib with black ceramic coating by PVD
Refills: Ink and cartridges Chromatics Collection (p.140 - 143)

JUSTICE LEAGUE TRINITY - BATMAN
BLACK PVD FINISH

ROLLER PEN / 1939.461

Refills: Roller cartridge, fine or medium, blue or black (p. 144)

THE CASE
JUSTICE LEAGUE TRINITY BATMAN

195 x 102 x 68 mm
Made using fully-sheathed, screen-printed wood
The inner wedge is reversible and can house 1 or 2 pens
Delivered with the Justice League Trinity– Batman special edition:
- owner's guide book and guarantee
- two small ink cartridges or roller pen cartridge (F black)
The black case lining is decorated with the symbol of the superhero.

Each detail of the Wonder Woman special edition is inspired by her costume. The pattern of the bracelets is cutter-engraved on the first part of the cap. The raw (unpolished), silvery metallic finishes recall the costume. The second part of the cap is cutter-engraved and coated with translucent, burgundy-coloured lacquer to incorporate the metallic reflections of Wonder Woman's bustier. On the body of the writing instrument, the pattern of her boots is cutter-engraved in a highly graphic design. There are also raw (unpolished) metallic finishes recalling the look of the boots. The cap button carries the new Caran d'Ache identification – the red-burgundy lacquered hexagon. The fountain pen nib is 18-carat gold with 18-carat pink gold-plating for unique writing comfort. The pink-gold-engraved pen ring is laser-engraved with Swiss Made & Caran d'Ache along with the DCTM trademark – and the note S17 to guarantee the authenticity and exclusivity of the edition.

Delivered with the Justice League Trinity– Wonder Woman special edition:
- owner's guide book and guarantee
- two small ink cartridges or roller pen cartridge (F black)
The black case lining is decorated with the symbol of the superhero.

Each detail of the Superman special edition is inspired by his costume. Thanks to the combination of different dense and gloss lacquer finishes, the combination of different engravings and the combination of different colours of lacquer, each part of the superhero's costumer is highlighted. The attributes and fountain pen nib are coated in brightly-polished 18-carat yellow gold. The metallic appearance and scaly texture of the costume are reinterpreted by different cutter-engraved elements. The body and cap are engraved and coated in dense gloss blue lacquer. The cap recalls the hero's torso and the body of the pen his legs. The extremity of the pen body is coated in dark red lacquer and boasts a new engraving inspired by Superman's boots. The cap button carries the new Caran d'Ache identification – the dark red lacquered hexagon. The fountain pen nib is 18-carat gold with 18-carat yellow gold-plating for unique writing comfort. The gold-plated pen ring is laser-engraved with Swiss Made & Caran d'Ache along with the DCTM trademark – and the note S17 to guarantee the authenticity and exclusivity of the edition.

VARIUS PETER MARINO

Caran d'Ache is unveiling two new exceptional creations, Varius Peter Marino and Varius Peter Marino - Special Edition, dreamed up by the famous American architect, talented designer and lover of fine materials. The Varius writing instruments by Caran d'Ache are an intrinsic part of the designer's life. He has always used them to draw his magnificent buildings.

Caran d'Ache's iconic collection

Varius is the result of the passionate work with materials. The artisans exalts the noblest materials such as Chinese lacquer, carbon fibre, chain mail or ebony wood on the body of these fine creations. Precision, expertise and elegance are the hallmarks of this collection with superb writing comfort.

The two Varius Peter Marino versions are covered with leather, which provides unrivalled comfort. The architect's rock 'n' roll world fuses with the spirit of Varius writing instruments to ink two creations, which are simultaneously modern, surprising and fashionable. The essential values of the Varius collection are nonetheless safeguarded. Original materials do full justice to a custom-made approach, and ancestral skills are applied to creating high-end models.

The Varius Peter Marino - Special Edition, designed by the architect, reflects his unique personality. The daring attributes of these instruments, symbolising strength according to Peter Marino, are interpreted by Caran d'Ache with good taste and expertise. A hand-made lacing goes through rhodium and silver-coated eyelets. The cap is topped by a silver-plated, rhodium-coated skull with black onyx eyes, reminiscent of the many rings adorning Peter Marino's fingers.

The bodies of the writing instruments are sheathed in French calfskin. Boasting a highly natural appearance, this elegant leather is used by the leading luxury leather goods boutiques. The patina of the leather will appear with time and use, giving it an authentic look.

A generic numbering system, 1/150 (one out of 150), evokes the address of the architect's Manhattan studio: 150 East 58 Street.

This is engraved on the cap at a scale of 1/150 along with Peter Marino's handwritten signature.

The specially created Varius Peter Marino limited editions is entirely in tune with the spirit of this man with a resolutely modern personality. The body of these Haute Ecriture instruments is clothed in leather, carefully crafted to ensure unprecedented comfort. Like a nod to the world of fashion dear to Peter Marino's heart, a slim grey seam adorns the entire length of the instrument. A unique engraved limited-edition number pays tribute to the date he set up his first New York studio: 1/1978 (one out of 1,978). The generic numbering is engraved on the cap at a scale of 1/1978 along with Peter Marino's handwritten signature.

HOMMAGE

LIMITED EDITIONS

OBERALP

Following the limited editions Poya and Rindya dedicated to the Swiss customs and Alpine traditions, the new creation Oberalp salutes the refined expertise of the Caran d'Ache artisans in terms of figurative engraving. The Maison Caran d'Ache has developed the Oberalp limited editions in tribute to the Alpine spirit that is inextricably bound up with the intrinsic Swiss identity. The fascination of the mountains and its lively folklore, expressed through song, paintings, paper-cutting or the engravings on chalet façades, represent a living heritage that perpetuates the enduring Alpine spirit.

The Oberalp Pass

An iconic site within the Swiss Alpine heritage, the Oberalp Pass is located at an altitude of 2,044 metres at the very heart of the Swiss Alps. It links the Rhone and Rhine valleys along the watershed between North and South. From the start of the 19th century, Swiss alpine passes became the independent and neutral guardians of the major, transalpine communication routes. They continue to provide a crossing through the Alps to this day.

The Oberalp Limited editions is dedicated to the mountain and Alpine spirit. A narrative frieze motif evokes the symbols of Alpine life and the idyllic scenery of the Swiss mountains. A second frieze, engraved on the other three sides of the pen, portrays the beauty of edelweiss flowers. Crafting these miniature frieze motifs reflects the finesse of the traditional Alpine art of paper- or wood-cutting. Each item is decorated with black lacquer applied entirely by hand. The body of the fountain pens and roller pens features the finely engraved outlines of three edelweiss blossoms. Paying symbolic homage to the highest point of the Oberalp Pass, Oberalp writing instruments are issued in a numbered series of 2,044.

SPIRIT OF SWITZERLAND

To mark its 100th anniversary, Caran d'Ache pays tribute to its country with a limited editions of writing instruments, Spirit of Switzerland. This symbolic creation presents 14 elements of Swiss cultural identity.

Located at the heart of Europe and home to the snow-capped peaks of the Alps and the Jura, Switzerland enjoys international renown through its exceptional know-how, its iconic products, its idyllic countryside and its humanistic spirit. Swiss culture is characterised by its rich heritage, the incredible beauty of its natural landscapes and the unrelenting quest for perfection and quality in all areas of life.

The Limited editions dedicated to Switzerland featuring 14 figurative representations, emblematic of Swiss cultural identity. The figures appearing in relief, sculpted in solid silver and adorning the body of the pens, represent the emblematic sectors that make Switzerland and its cultural heritage shine across the world. The delicately carved figurative structure appears superimposed on the matt black lacquer body of the fountain and roller pens. Friezes engraved with Swiss crosses form delicate borders at the far ends of each part of the writing instrument. The Spirit of Switzerland limited editions consists of 100 numbered fountain and roller pens, in symbolic tribute to the 100th anniversary of the Maison Caran d'Ache.

CHINESE ZODIAC

Caran d'Ache pays homage to the fine arts in its "Chinese calendar" collection, designed to bring the legend of the symbols of the Chinese zodiac to life. According to legend, the Jade Emperor invited all the animals to a mysterious gathering one New Year's Eve. He wanted to organise a race between the different species to establish a hierarchy among the animals. Only twelve animals accepted the invitation. The Emperor then gave each animal a unique gift: henceforth, a year would be dedicated to them and would bear their name. This is how the order of the animal signs of the Chinese zodiac was established.

- 1. The Rat - 鼠 5. The Dragon - 龍 9. The Monkey - 猴
- 2. The Ox - 牛 6. The Snake - 蛇 10. The Rooster - 鷄
- 3. The Tiger - 虎 7. The Horse - 馬 11. The Dog - 狗
- 4. The Hare - 兔 8. The Goat - 羊 12. The Pig - 猪

In keeping with the aesthetics of previous limited editions dedicated to the symbols of the Chinese zodiac, the "Year of the Dog" limited editions, carries on the tradition of this collection of exceptional writing instruments to celebrate the advent of the Chinese Year of the Dog in 2018. The slim silhouette of the dog appears against a background of black gloss Chinese lacquer, patiently applied layer by layer according to the ancestral tradition. The finely engraved drawing presents the animal in an alert posture, wrapped around the body of the writing instrument. Represented in grey Chinese lacquer, the lines and figurative contours highlight the liveliness and subtle elegance of the dog. The typically Asian character of the design further underlines its rippling coat and the arching of its slender body so full of vitality.

THE YEAR OF THE DOG

In the Chinese zodiac, the dog symbolises loyalty, integrity and devotion to just causes. Its profound intelligence, sensitive soul and alert mind often make it the defender of universal values. A loyal friend and reliable travelling companion, this pathfinder for peace brings balance and harmony to the world. Favourable to stability and positive change, the Chinese Year of the Dog promises the union of the very best energies.

CHINESE LACQUER

Known since the 14th century BCE, the art of Chinese lacquer was developed during the reign of the Shang dynasty. The natural material comes from the sap of the Rhus Vernicifera tree, which is native to tropical Asia. Produced entirely by hand, the meticulous application of successive thin layers of lacquer requires unflinching patience. The hand polishing reveals its incomparable hues.

COLLECTIONS

VARIUS

An accomplished form and hexagonal body with a unique feel... Caran d'Ache's iconic Varius collection is the result of our passionate work with materials. Chinese lacquer, carbon fibre, chain mail, ceramic and more recently genuine rubber and ebony wood echo the precious coating of this writing instrument. A rare conjunction of striking design and superb writing comfort, Varius is the only collection to offer fountain pen nibs in six widths, turning the art of handwriting into a daily pleasure.

- Four writing instruments:
 - Fountain pen, roller pen, ballpoint pen, mechanical pencil
 - Brass body finished in various materials
 - Flexible clip
 - Silver, rhodium, gold plated and rose gold plated attributes
 - 18 carat gold nib available in six distinct widths:
EF, F, M, B, OM, OB (BB nib available upon request)
- Can be customised by means of personalised engraving
- International lifetime guarantee
- Made in Switzerland

EBONY WOOD

Originating from the Asian and African rainforests, ebony is highly valued by artisans for its deep black colour and delicate feel. Caran d'Ache craftsmen magnify this noble wood with rose gold, revealing its subtle and precious grains.

CHINESE LACQUER

Caran d'Ache is proud to be one of the very few Western manufacturers of writing instruments to use this wonderful material. Chinese lacquer gives a magnificent finish to lighters and writing instruments in the Varius collection as well as some limited editions. This natural product is derived from the sap of the "Rhus Verniciflua" tree. Caran d'Ache's craftsmen have been inspired by the highly complex art of preparing and applying it in the manner of the great Eastern masters.

GENUINE RUBBER
 This material has a strong character and contemporary, urban elegance. Its inclusion in the Varius design promises an eminently masculine stroke. The brilliant rhodium contrasts with the soft matte rubber allowing the Rubracer to meet the demands and requirements of today's men. A screw inserted in the body of the pen, the newly articulated clip on the cap, and the broader nib confirm the Varius collection's energy and modernity.

CARBON FIBRE

Carbon fibre is the epitome of a modern material. Its lightness and outstanding rigidity give it an immediate appeal and Caran d'Ache uses it to create a new, high-tech interpretation of tradition. Removed from its normal environment of top-level sports, and linked with silver-plated and rhodium-coated elements, carbon fibre brings power and strength to the Varius line.

CERAMIC

For the past few years, high-tech ceramic has been employed in the production of watchcases. This material is highly valued by the watchmakers for its lightness, its resistance to scratches and its silky touch. When associated with metal, ceramic offers a subtle contrast of materials and an elegant lighting effect.

COAT OF MAIL

In its innovative use of coat of mail, Caran d'Ache has made the most of this legendary material that once protected medieval knights. Its woven links of stainless steel create a very pleasant texture in the writer's hand. Coat of mail even comes in a gold-plated version.

BLACK COAT OF MAIL

The body of the Varius Ivanhoe Black is covered in a micro-woven coat of mail in deep black stainless steel (a Milanese sheath). Using a highly advanced technology, Caran d'Ache craftsmen have treated the steel to receive a black PVD coating that is both strong and beautiful. This process colours the fundamental structure of the steel giving it an extraordinary fineness that will remain eternally unchanged.

LÉMAN

An expert in colours and media dedicated to the fine arts, Caran d'Ache also calls on all its talent to design writing instruments in exceptional colours. Since 1998, the Léman collection has embodied the wealth of chromatic variations illuminating the shores of the lake so dear to the inhabitants of Geneva. A veritable homage to the most beautiful shades that nature has to offer, the Léman collection combines stunningly coloured varnishes with the brilliance of precious metals. Hand polished by the company's craftsmen, these writing instruments can also be enhanced through traditional guillochage and lacquering know-how, offering an explosion of shades and curves. Caran d'Ache has enhanced its collection of Haute Ecriture Léman instruments with the Léman Slim range boasting a slender, refined outline for light and delicate writing comfort.

- Two collections: Léman & Léman Slim
- Four writing instruments per collection:
 - Fountain pen, roller pen, ballpoint pen and mechanical pencil
 - Body and cap made of thick gauge brass in different colours and finishes
 - Articulated clip, using a spring mechanism
 - Gold-plated or silver-plated, rhodium-coated finishes
 - Fountain pen nib in 18 carat gold, in four different widths: F, M, B, (BB – Léman only)
- Can be customised by means of personalised engraving
- Lifetime international guarantee
- Swiss Made

Underneath a layer of translucent lacquer, reminiscent of the intense blue of the ocean depths, delicate undulating reflections appear on the body of the Léman Grand Bleu.

RNX.316

When Fine Writing instruments adopt high technology the result is the birth of a unique collection: RNX.316. In its name, RNX indicates its combination of two body shapes: Round and heXagonal. These are emblematic of the Caran d'Ache collections – easy to hold in the fingers for precise control of handwriting – in a new design that is immediately appealing. 316 refers to its stainless steel, a strong corrosion-resistant material that is enhanced by a pure, polished finish to give the Fine Writing instrument an elegance that will last a lifetime.

The RNX.316 incorporates the latest technical developments in Caran d'Ache expertise, making it one of the most distinctly modern of all writing instruments.

- Six writing instruments:
 - Fountain pen, roller pen, ballpoint pen, mechanical pencil, artist's mechanical pencil, multi-function
 - Body and cap made of steel 316L, polished or black PVD finish
 - Flexible clip
 - Innovative system for changing the ink cartridge
 - Ingenious "click-in" system for closing the pen
 - Steel nib coated in black PVD (sizes F, M, B)
 - Strong material/contemporary design
- Can be customised by means of personalised engraving
- Lifetime international guarantee
- Swiss Made

316L STAINLESS STEEL

The high-strength, stainless steel of the RNX. 316 collection guarantees that the writing instrument can withstand the stresses of repeated use. Its mechanical properties are complemented by its purity, created by precision polishing that immediately catches the eye. Its hardness produces incomparable writing comfort thanks to a fountain pen nib that is also composed of stainless steel.

BLACK PVD COATING

In the PVD technique, the ceramic is applied by a physical vapor deposition process which gives it optimal adherence; a cutting-edge technique for these pens that, with their laser engraving, demonstrate innovation across the whole line. The stainless steel nib of the fountain pen is also treated by the PVD process which results in remarkable fluidity and writing comfort.

RNX.316 PVD BLACK VERSION
BLACK PVD FINISH

FOUNTAIN PEN / 4590.080

nib sizes: B - .090 / F - .070

316L STAINLESS STEEL

The high-strength, stainless steel of the RNX. 316 collection guarantees that the writing instrument can withstand the stresses of repeated use. Its mechanical properties are complemented by its purity, created by precision polishing that immediately catches the eye. Its hardness produces incomparable writing comfort thanks to a fountain pen nib that is also composed of stainless steel.

LASER ENGRAVING

Inspired by carbon fibre, the RNX.316 Fiber design weaves and dances whilst laser strength and precision make the engraving sublime. Different shades of colour are created by varying the intensity of the laser beam. Combining technology and design, this writing instrument is finished in polished steel that contrasts with the matte ornamentation. The black, PVD-treated stainless steel nib is available in three different widths. This highly technical design item is confident and modern.

RNX.316 FIBER VERSION
POLISHED STEEL FINISH

- 2 end pieces for touch screens (iPad, iPhone, Samsung Galaxy)

The RNX.316 Multifunction is both an elegant writing instrument and a high-tech tool. It comes equipped with three interchangeable cartridges in blue, black and red thanks to an ingenious twist system. A touch screen stylus is also included, allowing you to move from paper to digital in a single gesture. Stainless steel 316L body with engraving inspired by a pixelated screen.

ECRIDOR

Since the 1930s, the Ecridor writing instruments have been emblematic of the precious know-how of Caran d'Ache. Their sober and elegant hexagonal design is inspired by the shape of the pencils so dear to the Geneva-based company. The play of light and sparkle created by the perfect geometry of the symbols, so intense and inspiring, reflects the expertise of the master guillocheurs and polishers who give free rein to their talent. Whatever the metal covering the brass body and whatever the form (fountain pen, roller pen, ballpoint pen or mechanical pencil) and finely-engraved pattern on the instrument, there is an Ecridor to inspire each and every one of you.

- Four writing instruments:
 - Fountain pen, roller pen, ballpoint pen, mechanical pencil
 - Silver, rhodium, palladium and gold plated attributes
 - Flexible clip
 - Steel nib available in three distinct widths: F, M, B
- Can be customised by means of personalised engraving
- International lifetime guarantee
- Made in Switzerland

ECRIDOR FLOWERS

ECRIDOR FLOWERS

THE CASE
ECRIDOR FLOWERS

184 x 80 x 40 mm
Standard screen-printed case
Includes:
- the user guide / guarantee
- a black Goliath M cartridge

The Maison Caran d'Ache presents Ecridor Flowers, inspired by the poetry of exotic gardens. Thanks to the expertise of artisans from the Swiss Manufacture, a luxuriant, heavenly natural environment places its radiant stamp on these emblematic Haute Ecriture writing instruments. Since its creation in 1930, Ecridor by the Maison Caran d'Ache has celebrated the art of engraving on the hexagonal bodies of these iconic writing instruments. The master-craftsmen at the Geneva Manufacture apply their talent to unremittingly innovative techniques. The motifs displayed on the models in this emblematic collection reveal a series of universes that are inspiring, timeless, sophisticated and elegant. For the first time, Caran d'Ache combines two engraving techniques to create the plant motifs of which Ecridor Flowers is composed. Using a laser, the designs of leaves and petals are outlined with exceptional precision and delicate whiteness on the body of the ballpoint pen. The three different sizes of the stamens within the exotic flowers produces the radiance of precious stones.

The young Swiss tennis player, Belinda Bencic, who is a Caran d'Ache ambassador, stylishly embodies the new Ecridor Flowers.

ECRIDOR GRAIN D'ORGE

ECRIDOR GRAIN D'ORGE
SOLID SILVER

BALLPOINT PEN / 891.281

THE CASE
ECRIDOR GRAIN D'ORGE

184 x 80 x 40 mm
Standard screen-printed case
Includes:
- the user guide / guarantee
- a black Goliath M cartridge

Caran d'Ache has revised the Ecridor Grain d'Orge, in a tribute to the traditional craft of guilloché. Its body in solid silver, also called 925 silver, creates deep reflections, making it a truly high-quality writing instrument. The mark «Ag 925», stamped next to the clip, guarantees that the pen has been tested by a Swiss assay office and that the silver meets its strict criteria for fineness and purity.

ECRIDOR MATCH POINT

ECRIDOR MATCH POINT
PALLADIUM FINISH

BALLPOINT PEN / 890.515

Mechanism: Push button
Refills: Goliath cartridge, large, medium of fine (p. 144)

THE CASE
ECRIDOR MATCH POINT

184 x 80 x 40 mm
Standard screen-printed case
Includes:
- the user guide / guarantee
- a black Goliath M cartridge

With its hexagonal body, the iconic Ecridor model gives free rein to the artistic talent and extensive know-how of the master craftsmen at Caran d'Ache in terms of precision engraving. The Ecridor collection boasts a new creation, the Ecridor Match Point with its subtle references to the world of tennis. The new model pays homage to the ultimate winning shot during a game: the match point. Determining who wins, this crucial instant arouses a whole host of emotions and transcends the beauty of the sporting gesture of the final shot. The hexagonal body of the writing instrument is coated with palladium and meticulously polished. Fine laser engraving covers the pen, with a pattern recalling a tennis net. This delicate interlacing leaves a minute opening at the centre, just big enough for a ball to pass through from the other side of the court. In a final tip of the hat to the world of tennis, the end of the pen is decorated with an elegant tennis ball in relief.

With the new Ecridor Match Point model, Caran d'Ache pays homage to the talent of its ambassador, the young Swiss tennis player Belinda Bencic, wishing her many winning match points in her career.

GOLF GUILLOCHE
 The Ecridor's unmistakable hexagonal body is decorated with an original geometric guilloché inspired by the dimples on a golf ball.

LIMITED EDITIONS ECRIDOR SET

The designers of the Geneva-based company have borrowed new graphic codes to create an exclusive writing set that is both elegant and in keeping with its time! With the Limited editions – ECRIDOR SET, Caran d'Ache has created a unique set combining exclusive items for writing, drawing and providing inspiration. The Ecridor ballpoint pen is engraved in HYGGE guilloché, inspired by the geometric patterns of Nordic textiles which make for cosy interiors and are associated with a genuine art of living. The two graphite pencils play on the elegance and sobriety of Scandinavian lines. By adding two inspiration notebooks to this exclusive gift set, Caran d'Ache offers people the chance to discover the accessories of the HAY brand, an emblem of contemporary Danish design.

THE PENCILS OF LA MAISON CARAN D'ACHE

Caran d'Ache regularly introduces new noble materials to create original limited collections of pencils. These exclusive collections invite you to discover new countries through precious and exotic essences of noble woods, highlighting Caran d'Ache creativity in design and the art of writing.

- Certified FSC® (Forest Stewardship Council)
- Certified OLB (Origin and legality of the wood)
- Wood selected to meet strict quality criteria

THE PENCILS
OF CARAN D'ACHE
SCENTED EDITION

GRAPHITE PENCILS / 361.414

4 HB graphite pencils
Wood essences: Western Hemlock, White Oak, Silver Teak, White Ash
Perfume: Tibetan wood

For this new edition, Caran d'Ache is unveiling its scented pencils with «Tibetan wood perfume» revealing notes and essences of patchouli, incense and tonka bean. This unique scent will enchant both amateur and seasoned collectors of rare pencils.

THE PENCILS
OF CARAN D'ACHE
EDITION N°7

GRAPHITE PENCILS / 361.404

4 HB graphite pencils
Reconstituted wood species: polychrome sipo, streaked white birch, African assamela & grey limba

Always keen to find new, elegant materials, the craftsmen at Caran d'Ache create original and limited editions collections of pencils. These exclusive collections invite us to discover new lands. Polychrome sipo, streaked white birch, African assamela & grey limba ... all rare and precious woods, either unknown or revisited, from which Caran d'Ache has drawn inspiration to transcend its expertise in producing graphite leads.

WRITING ACCESSORIES

CHROMATICS

Within each new Caran d'Ache ink lies the expertise of a unique savoir-faire: the science of colours. Vibrant. Deep. Powerful. Sustained. From a bursting red to a radiant purple, from an empyreal turquoise to a fiery orange, Chromatics INKredible Colors impose their noble marks across the entire spectrum of light. Every inkwell is a prism, playing with the reflections of the light and intensifying the colour that it holds inside. Each personality submits to the caprices of evocative names that entice one inescapably away to voyage and discovery. Beyond their colours, the characters assert themselves through to the tip of the pen, and breathe life into the very page. The Art of Fine Penmanship is adorned in a colourful finery that vivifies the most beautiful pieces of written work.

CUFFLINKS

Much admired by discerning clients, the Maison Caran d'Ache declares its intentions by emphasizing this accessory which is not simply a piece of jewellery but a genuine fashion accessory. The perfect harmony between writing instruments and cufflinks is an expression of ultimate refinement where no details has been left to chance. Choosing a Caran d'Ache writing instrument means choosing the signature of style and prestige. Precious and visually striking, these fashion accessories are an extension of each collection of writing instruments, imbued with the same character and originality.

Stainless steel / One-year international guarantee from the date of purchase

VARIUS

Based on the design of the Varius collection, the iconic line of the brand, the Geneva craftsmen have expanded their expertise in working with noble materials and have developed superb variations around the coat of mail, snakewood and alligator leather.

ECRIDOR

The Ecridor collection explores the infinite possibilities of the famous hexagon with highly successful adaptations of the Type 55, Cubrik and Retro lines. The body of each model, produced in stainless steel, carries the Caran d'Ache signature engraved on the mechanism.

SERVICES

FOUNTAIN PEN NIBS

The most authentic form of writing, showing every variation in pressure and speed, is that of the fountain pen. A pen moulds itself to its user's writing, which is why Caran d'Ache offers a range of widths for its hand-made and hand-polished nibs offering their owners exquisite writing comfort.

- Steel rhodium nib or steel nib coated in black PDV
- Nibs made from 18-carat gold, rhodium-plated 18-carat gold or 18 carat pink gold-plating
- For the Ecridor, the nibs are made from rhodium- or silver-plated stainless steel
- Available in 4 tip sizes: F, M, B, BB
- Sizes available for the Varius collection: EF, F, M, B, OM, OB, BB
- Unparalleled writing comfort recognised worldwide

PERSONALISED ENGRAVING

Numerous Caran d'Ache writing instruments can be engraved on request to the brand retailers. On the side opposite the clip, the company's craftsmen have taken care to leave a space intended for personalised engraving.

This is where the customer can give free rein to his or her imagination.

A name, a date or a short message... the writing instrument becomes a highly personal object, unlike any other.

Helvetica

Script Filaire

Book Antiqua

«OTHER TYPEFACES ARE AVAILABLE ON REQUEST. THE CHOICE OF TYPEFACE AND THE NUMBER OF CHARACTERS MAY VARY DEPENDING ON THE COLLECTION.»

INTERNATIONAL GUARANTEE

Lovers of handwriting often develop a real attachment to their pens. For this reason, our after-sales technicians do their very best to repair them whenever possible, only replacing them as a last resort. Repairs under guarantee are free of charge and other repairs are only carried out after the client has accepted a cost estimate.

Caran d'Ache writing instruments are inspected and tested at each stage of production. When they leave the Geneva workshops they are in perfect condition and are guaranteed against any manufacturing defects. An international guarantee certificate accompanies each instrument.

HOW TO FILL IN THE GUARANTEE CERTIFICATE ?

- Product: product reference
- Date of purchase: month / year
- Finishing: gold, silver, gold-plated, silver-plated, palladium-coated, platinum-coated etc.
- Dealer's stamp: from the retailer

CORPORATE GIFTS

The name itself represents a prestigious, educational world and is now a synonym for excellence and creativity. More than simply a brand, the Swiss company has imposed its own style: a "Maison de Haute Ecriture".

With more than 200 writing instruments for both top-of-the-range luxury market and for the office, Caran d'Ache can propose many personalised gifts which are sure to capture attention. If you wish to thank your clients and keep their loyalty, or invigorate your sales team, have a look through our special catalogue and ask us for a quotation.

PACKAGING

To meet the needs of our partners and their customers, Caran d'Ache provides easily identifiable packaging for each of our writing instruments with a consistent choice of colours, optimal sizes, designs and top-of-the-range materials. Black cases highlighted with Caran d'Ache logo in hot silver makes a high-quality presentation for all writing instruments reinforcing the brand image carefully preserved over several generations.

- Red shopping bags with black handles (available in 3 sizes)
- Gift pouches with adhesive closure (available in 3 sizes)
- Red or white satin ribbon with embossed logo
- Reversible red and black wrapping paper with logo

THE MERCHANDISING AT CARAN D'ACHE

MERCHANDISING

Merchandising refers to all the methods and techniques of implementing and showcasing products in boutiques, making it possible to increase a brand's visibility at the points of sale.

Unique and consistent merchandising makes a brand easy to recognise and gives it a strong identity that is the same anywhere in the world.

MERCHANDISING AT CARAN D'ACHE

Our new merchandising concept for writing instruments reflects a recent realisation by the company: the opportunity to present all our products and ranges in the same place and with the same identity.

To mark its centenary in 2015, Caran d'Ache unveiled a new, single logo for all its products. This logo, (while drawing on the history of the brand) is clear, sober and modern, offering new visibility. It is sometimes also accompanied by the hexagonal isotype, directly inspired by the iconic pencils by Caran d'Ache.

It is against this backdrop, and with a desire to juxtapose our three worlds in a coherent manner, that the global retail concept has been defined. The Haute Ecriture concept is thus the fruit of this new juxtaposition and adapts to the new codes and new identification. It, too, is clear and modern.

THE MERCHANDISING CATALOGUE

The aim of this document is to incorporate all the tools and guidelines in order to ensure optimum presentation of our writing range in our corners, our furniture or in any presentation space.

- Brochure available in 5 languages as a PDF file
- 51 inside pages
